DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Saturday, 04 May 2024 at 05:28 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Levels of air pollution are forecast to be Low across much of the UK on Saturday with unsettled conditions. However, areas of Moderate levels of air pollution are possible, especially across southwest England and northern Scotland.

Tomorrow: Moderate air pollution is likely across the east of England, the Midlands and much of Wales, with pockets of Moderate air pollution also across northern Scotland and perhaps southwest England. Elsewhere Low levels of air pollution are expected for Sunday.

Outlook: Areas of Moderate levels are likely at times across the southern half of the UK, with isolated pockets of Moderate air pollution elsewhere. Otherwise air pollution levels will be Low.
